

BroadSoft Ranked No. 185 Fastest-growing Company in North America on Deloitte's 2008 Technology Fast 500

GAITHERSBURG, MD, Dec. 3, 2008 — BroadSoft, Inc., the leading worldwide provider of VoIP application software, today announced that it ranked No. 185 on Deloitte's 2008 Technology Fast 500, a ranking of the 500 fastest growing technology, media, telecommunications and life sciences companies in North America. Rankings are based on percentage of fiscal year revenue growth over five years, from 2003-2007. BroadSoft's fiscal year revenue grew 993 percent during this period.

"Deloitte's Fast 500 honor reaffirms our continued momentum in providing next-generation VoIP applications that enable enterprises and residential users around the world to connect, communicate and collaborate-anywhere, on any device, at anytime," said Michael Tessler, president and CEO of BroadSoft®.

"Deloitte's Technology Fast 500 recognizes companies who have achieved extraordinary growth in North America's most innovative and competitive market sectors," said Phil Asmundson, Deloitte LLP vice chairman and national managing partner for Technology, Media and Telecommunications. "We congratulate BroadSoft on this significant accomplishment."

In addition to ranking on Deloitte's Technology Fast 500, BroadSoft ranked No. 6 on the Maryland Technology Fast 50, which is a ranking of the 50 fastest-growing technology firms in the region. The company also ranked No. 1,259 on Inc. magazine's annual ranking of the 5,000 fastest-growing private companies in the country.

About Deloitte

As used in this document, "Deloitte" means Deloitte LLP. Please see www.deloitte.com/about for a detailed description of the legal structure of Deloitte LLP and its subsidiaries.

About BroadSoft

BroadSoft® provides VoIP application software that enables the delivery of hosted telephony and multimedia services. Its award-winning flagship BroadWorks® technology empowers wireless, wireline and cable carriers to deliver next-generation voice and multimedia applications and advanced features that enable them to increase revenue, enhance competitive differentiation and elevate customer satisfaction. BroadSoft's family of carrier-class software products delivers the scale, open architecture and reliability that the world's leading telecommunications companies demand to serve mission-critical enterprise and residential broadband customers. BroadSoft provides VoIP applications to eight of the top 10 and 14 of the top 25 largest carriers worldwide, as measured by recent annual revenue, including Korea Telecom, KPN, SingTel, Sprint, Telefonica de Espana, Telstra, T-Systems, and Verizon.
